

# *To a Queen*

*I would like to dedicate this moment to say THANK YOU*

*To a lady that will forever be a QUEEN*

*To a lady that raised a boy to be a man*

*To a lady that gave instructions on how to be Powerful*

*Respectful, Honorable, Thoughtful and Thankful.*

*I would also like to take this moment to Say Thank you.*

*To a lady that picked up all my phone calls whether it was*

*good or bad news*

*Opened the Door for me*

*Whether it was good or bad times*

*Put food on the Table*

*Whether it was hard or good times*

*A lady that always had open arms for me no matter what*

*I want to it be known to everyone that this QUEEN is loved*

*By this little boy she raised named Kaseem*

*And I can only wish for a beautiful life like she had on this*

*Beautiful earth*

*And I can only wish to have 90 years to build my castle*

*And a heaven to go*

*With love and blessings*

*Your Number one Guy*
